

Do you have students who are...

Passionate about making a difference?

Creative, innovative, problem-solvers?

Inspired by helping others?

Curious about healthcare careers, but daunted
by the idea of years of medical school?

**Encourage them to check out
a career in occupational therapy!**

Occupational therapy (OT) focuses on helping people of all ages and stages of life participate in the meaningful activities they need and want to do after an injury, due to a disability, or other health conditions.

It is an inspiring and rewarding profession combining hands-on healthcare and creative problem-solving.

OT employment is
projected to
**grow by
17%**

by 2030, according to
the U.S. Bureau of
Labor Statistics.

**WHY
CHOOSE
OT?**

Encourage your students to explore
WhyChooseOT.com to learn more about
this exciting and rewarding career.
